

Tax Information

ASID dues are not deductible as a charitable contribution for federal tax purposes, but a portion may be deducted as a business expense. The portion of dues that is not tax-deductible is 6 percent. It is estimated that the ASID professional chapters use 6 percent of their allotted dues on lobbying activities. Please note: No lobbying fees are deducted from Student or any IP membership. ASID encourages all members to report this information to their tax preparer.

Installment Billing

The installment plan is not available for National, Regional, or International Partner Membership. Cardholder understands and agrees that by opting into installment billing his/her card will be charged on a monthly basis and will automatically renew on membership anniversary date. This monthly charge includes a \$35 processing fee. Renewal will be at current membership type associated with account and at the rate determined for that calendar year. The one-time application fee is charged in full. The mandatory legislative fee is charged in full annually on the first month of each membership cycle. Installment dues are not refundable for the first 12 months of membership.
